**FOH**  
FRONT OF THE HOUSE®

Born from a vision to create a high-performance material while reclaiming plastic waste from waterways, *re.WARE*™ gives recycled PET bottles a second life and a purpose that supports our planet.

*re.WARE*™ **resists** fading, cracking, warping, and staining, even with rigorous commercial washing, delivering lasting durability without compromise. *re.WARE*™ PET is the most widely recyclable plastic and can be **easily recycled** at the end of its service life, ensuring its journey contributes to a smaller waste footprint.
